advance.

FRIDAY JULY 25, 1913

Governor Locke Craig has called the Legislature to meet in extraordinary session September 24th. There will be only two matters that will receive attention at that time and these two are of vital importance to the people of North Carolina. The question of freight rate discrimination and the report of the special committee appointed by the General Assembly to consider certain amendments to the Constitution. The freight rate discrimination is costing the people millions of dollars a year and has driven manufacturers from the State. It is sapping the life blood of the business of the State and must be remedied if North Carolina is to prosper as she should. Procrastination can accomplish nothing. The people must be informed of the conditions that exist between them and the railroads. And the extra session must force the railroads to treat the people with justice. Nothing will throw off the yoke of oppression except a united effort of the people.

The summer tourists are with us again. The heat of the lowlands has driven them to the mountains to seek the cooling breezes laden with the scent of the balsam, to drink the sparkling waters, as pure and fresh as that which drips from the foot of the Alaskan glacier, to eat of the wholesome food of the Highlander and share with him the gracious gifts of the Creator, to climb with him to the summit of the mountain and behold the wonderful handiwork of nature, to angle for the speckled beauties in the crystal streams hurrying to the sea, to gain strength and health. Ladies and gentlemen: We bid you welcome to all we have.

Every year there are discussed at the Farmers and Womens Institutes a number of interesting and important questions to the farmer and his family. These meetings are interesting and helpful in solving the problems of the farmer. If possible every farmer in Jackson County should attend one of the Institutes in this county this year. One will be held at Qualla Monday July 28 and another at Cullowhee the following day, Tuesday July 29. Go and take your note books with you. Be prepared to ask any question that you want to know. It will pay you to attend.

Dr. Louis Hannah, formerly of Atlanta, Ga has located at Dillsboro where he will engage in the practice of the science of medicine and surgery. After completing his medical course, Dr. Hannah has had two years' experience in hospital work in Atlanta.

The Waynesville Courier has the following: "After coming here we can hardly see how that Florida committee could select any other place for a summer home." Say Brother, have you ever been in Jackson county?

COURIER CHANGES HANDS.

Prof. G. C. Briggs, who has been in charge of the Waynesville Courier for a number of years, has sold that paper to Messrs. R. B. Wilson and H. M. Hall. These gentlemen have both been identified with the Newspaper game in North Carolina for some time and will no doubt greatly strengthen the press of Western North Carolina and render valuable service in the developing of this section.

A gentleman remarked in Sylva the other day (and he is one who knows having traveled practically all over the south): "Jackson county has the greatest undeveloped wealth of any county I have ever visited."

In behalf of the management of the Western Carolina Bible Conference and the people of Sylva, we extend to every one and urgent invitation to attend the Western Carolina Bible Conference beginning here August 1 and continuing for ten days. It will be well worth your while to attend. Look over the list of speakers appearing in this issue of the JOURNAL, see if you want to miss hearing a single one of them.

Ed Justice has made the announcement that he is after Senator Overman's goat.

In a supplement to the July Health Bulletin. The North Carolina Board of Health presents the following startling facts and asks these pertinent questions: "Eight white babies are born every minute. Did you know, that 3000 North Carolina babies die every summer? That 2000 are less than one year old? That of these 1800 are bottle fed and that only 200 are breast fed?" There's a reason. What? Bottle feeding and Ignorance. "Ignorance causes three baby deaths out of four. Will it kill your baby?" Mothers, fathers, are you interested? Write the North Carolina Board of Health at Raleigh, N. C., Special Health Bulletin No. 22.

RID YOUR CHILDREN OF WORMS

You can change fretful, ill-tempered children into healthy, happy youngsters, by ridding them of worms. Tossing, rolling, grinding of teeth, crying out while asleep, accompanied with intense thirst, pains in the stomach and bowels, feverish and bad breath, are symptoms that indicate worms. Kickapoo Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness. Mrs. J. A. Brisbin, of Elgin, Ill., says: "I have used Kickapoo Worm Killer for years, and entirely rid my children of worms. I would not be without it." Guaranteed. All druggists, or by mail. Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis.

The advertisement of the Agricultural and Mechanical College at Raleigh appears in another column. This College is fulfilling its mission as a place for first-class technical training. Turn where you will and its graduates are making their mark on the industrial life of the State. The demands on the institution for men are increasing from year to year. If a young man wants to equip himself for leadership in agriculture, engineering, cotton manufacturing and allied pursuits he should consider the admirable opportunities offered by this busy College.

FOLEY KIDNEY
FOR NEURALGIA, KIDNEYS AND BLADDER

During the summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon for sale by all dealers.

ENTRY NO 6045

State of North Carolina,
County of Jackson.

I, Frank Tatham, do hereby enter and claim five (5) acres of land more or less in Jackson County, State aforesaid, on the waters of Savannah Creek, adjoining the lands of C. C.
